PROFESSIONAL SUMMARY

Software Engineering graduate from the University of Malaya interest in full-stack web and mobile development. Experienced in building applications using React, Node.js, and cloud platforms. Proven ability to deliver solutions, from responsive frontend interfaces to robust backend systems with API integrations. Eager to contribute technical expertise and a passion for innovation to a dynamic engineering team.

EDUCATION

Bachelor of Computer Science (Software Engineering) *2023 – 2026*
University of Malaya | CGPA: 3.64 | Dean's List (3 out of 7 Semesters)

Foundation of Physical Sciences *2021 – 2022*
Centre for Foundation Studies in Science, University of Malaya | CGPA: 3.75

PROFESSIONAL EXPERIENCE

Software Engineer Intern — WORQ

Jul 2024 – Jan 2025
Co-working space company, Kuala Lumpur

- Designed and developed a full-stack company website from scratch, implementing responsive design and seamless backend integration that improved user engagement.
- Maintained and optimised the WordPress platform, enhancing performance, security, and page load speed.
- Automated internal workflows using webhooks and API integrations, reducing manual tasks and improving operational efficiency.

Research Lab Assistant — Dr. Raja Jamilah *Dec 2023 – Jan 2024*
University of Malaya, Department of Software Engineering

- Assisted in the reorganisation of the ICT laboratory for its transformation into the Cynex Lab.
- Contributed to building a 6DOF robotic arm for research demonstrations.
- Delivered a technical presentation at the Women in Engineering (WIE) UM event.

PROJECTS

AI-Powered Lesson Planning & Assessment System *2024 – 2025*
React | Node.js | AI Agents | Firebase | MongoDB | Ant Design

- Built a web application for Malaysian teachers featuring AI-generated assessments aligned with the KSSM curriculum, OCR-based auto-grading, offline support, and performance analytics.
- Successfully deployed and sold to lecturers at UPSI for active classroom use.

SmartGrow Mobile App — IoT Plant Automation *2024*
React Native | Firebase | IoT

- Developed a cross-platform mobile application with real-time environmental monitoring, push notifications, zone management, and remote actuator control for automated plant care.

Harmoni Malaysia Website *2023 – 2024*
React | HTML/CSS | JavaScript | MongoDB

- Maintained the official website for Harmoni Malaysia, a national student organisation, ensuring responsive design and content management capabilities.

PortManager — Developer Utility Tool *2025*

C# | ASP.NET Core | WinForms

- Created a desktop utility application to monitor and terminate processes running on common development ports, streamlining local development workflows.

Shopizer — Modular E-Commerce Platform *2025*

Java | Spring Boot | OSGi

- Architected a modular e-commerce platform leveraging component-based software engineering principles with Spring Boot and the OSGi framework for dynamic module management.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, TypeScript, C, C#
Frameworks & Libraries: React, React Native, Node.js, Spring Boot, ASP.NET Core, OSGi,
Databases & Cloud: Firebase, MongoDB, PostgreSQL, Supabase, SQLite, Oracle, MySQL, Microsoft Azure, Vercel
DevOps & Tools: Git, GitHub, Docker, Figma, Canva, Android Studio, Google Apps Script, Postman, VS Code, Jira
Languages: Malay (Native), English (Fluent)

CERTIFICATIONS

- CCNAv7 NetAcad Certified — Cisco Networking Academy
- Firebase Advanced: Real-Time Chat App in Android Studio — Udemy
- Responsive Web Design — freeCodeCamp
- JavaScript Algorithms and Data Structures — freeCodeCamp

EXTRACURRICULAR ACTIVITIES & LEADERSHIP

Second Lieutenant (Commissioned by Sultan of Selangor) — ROTU Army, UM *2023 – 2025*

- Served as President of Intake 43, overseeing the administration and training of 103 cadets over three years, fostering discipline, teamwork, and leadership development.
- Held the role of Sergeant Charlie, organising operational events, field exercises, and administrative duties for Charlie Company.

Vice President & Head of Intellect Department — Belia Harmoni, University of Malaya *2023 – 2025*

- Led strategic planning and coordinated intellectual development programmes, workshops, and community engagement initiatives for the student body.
- Managed cross-departmental collaboration student engagement events.

Core Team Member — Google Developer Student Club (GDSC), UM *2023 – 2024*

- Contributed to planning and executing technical workshops, hackathons, and developer community events.

Active Member — Persatuan Komputer University Malaya (PEKOM) *2023 – 2025*

- Participated in various computing events, networking sessions, and community-building activities.

AWARDS & ACHIEVEMENTS

- Best Academic Cadet — Reserve Officer Training Unit (ROTU), University of Malaya, 2025
- Finalist — Programming League Nation, National Competitive Programming Competition, 2022
- Dean's List — Achieved in 3 out of 7 semesters at the University of Malaya
